HALL HIRE INFORMATION

The Hall is situated in the beautiful gardens of St Botolph without Bishopsgate Church and is a haven of peace and quiet in the City of London.

History of the Building

The Hall was one of the City's original Charity Schools but during the Second World War it was used for A.R.P. purposes, the Lower Hall serving as a range for rifle practice. It was restored and refurbished following the War.

During 2010 and 2011 the Hall was completely redecorated and overhauled, including the addition of step free access to both Upper and Lower Hall and a disabled toilet.

The interior is panelled with oak, acquired from a dismantled stately home in Northamptonshire and dating from 1726. Two Coade Stone figures of charity children dating from 1821 are displayed in cabinets in the Hall.

Present Day

The Hall is used daily for a wide variety of different functions such as committee meetings, yoga groups, small to large formal lunches or dinners, birthday or Christmas parties, market research or product launches, and commercial sales. There is a good piano and the Hall is often used as a rehearsal space or concert venue. The space available is very versa-

tile and can be adapted to accommodate small to large groups in comfort.

The large kitchen means your caterers can serve anything from tea and coffee or a buffet to a full three course sit down meal. If you require we can organise a caterer for you.

The public garden outside creates a feeling of peace and tranquillity so difficult to find within the Square Mile.
